Accommodation

Homestay

Over the years we have built up strong relationships with a number of local families who host our students during their time in Ireland, all of whom are personally interviewed by our accommodation officer and are chosen for their experience and friendliness. Students have the choice of their own room or sharing with a friend. Students of the same nationality are not hosted by the same family except on request or when they come as part of a group.

Student Residence

For students who do not wish to stay with a host family we have a number of modern, fully serviced apartments available for short-term rent around the city. Due to demand, apartment accommodation generally needs to be booked at least 4 weeks before a student is due to arrive.

Hotel / Hostel Accommodation

If students require hostel or hotel accommodation during their stay in Ireland we are happy to help students book suitable places to stay in the area.

We have a dedicated social programme co-ordinator who organises activities, tours and visits throughout the year for our students.
