

Young Learners at Regent Scanbrit in Bournemouth

At Regent Scanbrit we understand that *knowing about* English is not enough – we aim to give our students the skills and confidence to successfully *use English* now and in their future lives.

We go beyond just language learning and help students to develop skills in team working and leadership, decision making and in delivering presentations.

Teams Each learner belongs to a team, team members can win points for successful activities, good behaviour etc. which creates a positive course dynamic.

Community Activities The morning assembly is a lively and energetic start to the day. In the evenings we arrange events like Talent shows, Scavenger Hunts, Beach Olympics and Casino nights etc.

English Classes Small class sizes (maximum number 12). Students create a Personal Portfolio to record learning and achievements. They can also study for International Exams: IELTS, FCE and CAE. FCE and CAE exams can be taken at the school.

Interest based lesson In the interest based lessons students can explore their passions by learning about Sports & Health or Music & Performing Arts in English.

Performance Project In small groups students produce a week long performance project which culminates in making a student film, a drama, debate etc.

Active Session In the afternoon students do activities that are connected to the Interest based lesson.

Daily review This is a chance for students to reflect on their day, have their coaching session and do any homework that has been set.

Our core values shine through our programmes:

Positive We believe that everyone can learn to use English proficiently; we push each student to become an effective communicator. We create a positive, enjoyable environment praising effort and attitude and encouraging every individual to achieve their best.

Inclusive On our group courses every student is in several different classes or teams. We arrange *whole* course activities so that students quickly feel part of the group, and can connect meaningfully with staff and other students.

Results focused Our courses are educationally-led and designed to ensure robust progress. A coaching session, homework and weekly tests help students to set goals and visualise progress. At the end of the course students receive a Certificate and progress report.

Homestay Accommodation

Living with a host is a great way to practise English outside of the classroom and to experience the British way of life. Students are always encouraged to join in family life during meals and free time. Hosts provide students with a comfortable room, breakfast, a cold packed lunch and dinner every day, including weekends.

Your client is placed in a shared room with another student of a different nationality but of a similar age and the same gender. Once we find the right homestay provider for your client, we send you the address and a brief description of them no later than 1 week before the course starts. We do encourage students and the homestay provider to contact each other so that a rapport can be built prior to arrival.
